To the Editor of The N. Y. Tribune ways of our local politicians by supposing that \$180,000 attention to the Meert collection of pictures which is Sin: You prove yourself an innocent in the (\$18.000 a year for 10 years) is the extent of the robbery from the public treasury contemplated by the resolution of our Common Council directing office-rooms for the Corporation Attorney, Corporation Counsel and Public Administrator to be leased from Fernando Wood in Nos. 115 and 117 Nassau-st.

In the garret of the same building, under another ase for ten years, there is the Civil Court-room of the Lower District, hired by the City at \$3,000 a year—thus We are assured by Messrs. Leeds & Miner that only he less than half these ricketty and inconvenient premises.

But you do not seem aware that Corporation Counses Develin refused to occupy the offices thus hired and paid for by the City for his use, but took other offices for the Corporation Counsel in another part of Nassaust., for which he pays \$5,000 a year extra; and that he has generously allowed, during his whole term, the Hon. Thos. C. Fields to occupy said offices rent-free for his private practice—the private practice of this gentle. man being all but exclusively confined to obtaining judgments by default against the City.

Here we have \$210,000 assured to Mr. Wood for ten cars' use of not more than half a dozen rooms actually used in the public brvice, or \$27,000 a year, to which must also be added the extra \$5,000 a year paid by Mr. Develin for the other rooms in Nassan-at., which are netually occupied by the Corporation Counsel's office. Of course, that the City should give Mr. T.C. Fields his officeroom reat free is only right, and it would be a happy thing for our City Treasury if that were the only thing WALLACK'S THEATER-LOST IN LONDON.
